- Responsibilities: Create a website using dynamically updated HTML and CSS powered by JavaScript
- Tools: JavaScript, CSS, HTML, Google Fonts

## EXPERIENCE

### Project Manager

2022 – 2023

### Virgin Music Group (Universal Music Group)

Los Angeles, CA

Developed business cases and ROI projections while strategizing and executing large-scale global campaigns. Additionally, oversaw internal and external virtual teams ensuring exceptional results around technical operations and content management.

Key Accomplishments:

- Increased clients audience growth by 40% by executing long-term audience engagement, retention and lifetime value while tracking OKRs.
- Procured and managed campaign budgets while benchmarking costs and forecast forthcoming sales potential for approval and funding.
- Served as key liaison with vendors and clients while having a strong familiarity with global stakeholders' requirements to ensure strong representation.

## EDUCATION

**Full Stack Web Development Boot Camp Certificate:** University of Los Angeles, Los Angeles, CA

An intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.

**B.A. Strategic Communications, Minor in Business Administration:**

Washington State University, Pullman, WA
